HIGH QUALITY STANDARDS OF PRODUCTION:

Our products meet and exceed USA Quality ASTM & ISO Standards:

Featuring proprietary technology to create the ultimate strength SPC waterproof core, which provides over 2000kg m³ density. This results in a product that is structurally solid, impact resistant, extremely durable and guaranteed to last. We achieve this by utilizing a premium quality and completely safe formula which consists of 70% Natural Stone, Virgin PVC, as well as the highest grade polymers and minerals fused together under heat & high pressure using special tech Extruders. Our Core provides next level performance above and beyond competing products.
